American Railroad Journal.

New York, Saturday, March 22, 1879.

Philadelphia and Reading Railroad.

The Philadelphia Ledger says that the Philadelphia and Reading Railroad Company claims to be doing a larger and better business than last year, much of the increase (now exceeding a million of dollars) coming from new sources, partly from new outlets for coal and largely from its grain trade, and then adds:

The extent and capacity of the Reading Company to handle tonnage is not appreciated even by our own citizens. At Port Richmond, to accommodate the portion of it centering there, it has a river frontage of 5600 feet, with 23 piers and a total length of docks of 18,000 feet. The length of its longest pier is 1320 feet, and the total length of its pier trestle work is 20,212 feet, connecting with 10½ miles of single track on trestle work and 25½ miles of single track connections to piers. The storage capacity of the piers is 200,000 tons, and their estimated annual shipping capacity is 4,000,000. The heaviest annual shipments, which were in 1877, were 2,720,000 tons; the heaviest weekly shipments, 95,858 tons, and the heaviest daily shipments, 28,000 tons. The coal sent to Port Richmond for shipment from 1843 to November 30, 1878, reached 55,559 818 tons. The number of coal laden vessels cleared from Port Richmond in 1875 was 6,052; in 1876 5,893; in 1877, 10,473; in 1878, 8,150. In addition to the company's coal piers, it has built a large wharf, used exclusively for grain and general merchandise traffic, and on which a large elevator of 500,000 bushels capacity is about being erected. The business done over this wharf amounted to 60,618 tons in 1874, 67,971 tons in 1875, 61,959 tons in 1876, 78,780 tons in 1877, and 307,741 tons in 1878, and, with the large tonnage over the company's wharves at Willow street, 477,305 tons, during the above years, makes an aggregate of 1,054,874 tons, chiefly grain for foreign countries. Some 2475 vessels, principally large ships and steamers, loaded and discharged at these wharves in the above years. The company have erected on their property north of the coal piers an extensive and very substantial ship yard, containing tool, boiler, bending, hanging, smith and joiner shops, provided with the most approved machinery, moulding loft and four ship ways and launching dock of 250 feet in width. This ship yard is not surpassed by any in the world. This does not indicate any lack of life and enterprise in the Reading, or any probable yielding in a contest for a fair share of the anthracite tonnage of 1879.

Martinsburg and Potomac Railroad.

At a meeting of citizens of Berkeley county, W. Va., and Frederick county, Va., held at Bunker Hill, Berkeley county on the 8th inst. in the interest of the proposed extension of the Martinsburg and Potomac railroad from Martinsburg to Winchester, resolutions in favor of the extension were adopted and committees appointed to bring the matter before the people of the two counties. It was stated in the meeting that of the $240,000 voted by Berkeley county some time since to the Martinsburg and Potomac railroad $120,000 remains unexpended, which would nearly complete the road to the Frederick line, at a point not more than eight miles from Winchester. If the road is built it is proposed to lease it to the Cumberland Valley Railroad Co.

Wisconsin Central Railroad.

A correspondent, writing from Madison, Wis., under date March 10th, says that "the Wisconsin Central railroad has a party of engineers on a new route from Portage to Dubuque, Ia., looking it over. A route will probably be surveyed early in the spring and work commenced. The route will go down the Wisconsin river through Sauk City, Mazomanie and Arena, leaving the Wisconson at the latter place, striking across to Dodgeville, thence to Platteville and Dubuque. This route will open up a rich country, and is very much needed, especially south and west of Arena. It will give the Wisconsin Central a splendid outlet for our lumber into the agricultural districts of Illinois, Iowa, Kansas and Nebraska."

Knox and Lincoln Railroad.

At the annual meeting of the Knox and Lincoln Railroad Company, held in Bath, Me., on the 12th inst., the following directors were chosen: John T. Berry and Francis Cobb of Rockland, Edmund Wilson of Thomaston, E. O. Clark of Waldoboro', D. W. Chapman of Damariscotta, Edwin Tiye of New Castle, Henry Ingalls of Wiscasset and George A. Preble of Bath. A vote was passed authorizing the execution of a new mortgage or other contract, if deemed necessary, to continue the lien of said cities and towns upon the franchise and property of said company in case the cities and towns shall pay the bonds already issued before maturity; also recommending that the towns and cities pay the bonds as they mature by refunding or otherwise.

☞ In the United Supreme Court at Washington on the 10th inst. the case of William R. Fosdick et al., appellants, vs. Nicholas Schall, involving the right of the latter to be paid for rolling stock sold by him to the Chicago, Danville and Vincennes Railroad, in preference to the mortgages, was decided, reversing the decision below so far as to affirm his title to the rolling stock in question, but reversing it so far as it allowed his claim in excess of that security, and remitting him as to that excess to the position of a general creditor. Decisions substantially the same on a similar state of facts were made in the cases of F. W. Huidekoper et al., appellants, vs. the Hinckley Locomotive Works, and William R. Fosdick et al., appellants, vs. the Southwestern Car Company.

☞ According to a statement of the Second Auditor of Virginia the amount of past due tax receivable Virginia coupons unpaid up to and including January 1, 1879, is $338,867; amount of interest due up to and including January 1, 1879, on peeler bonds, after deducting one third for unfunded bonds and excluding interest on literary

and sinking funds, $3,953,382 46; amount of peeler bonds outstanding against the State after deducting one-third from the funded bonds and excluding those belonging to literary and sinking funds, $9,070,142 26.

Debt of North Carolina.

The act recently passed by the North Carolina Legislature to "compromise, commute and settle the State debt," creates a new bond, bearing interest at four per cent., and running for thirty years, from July 1, 1880; all to be coupon bonds, in denominations of $50, $100, $500 and $1,000. The bonds are to be free from State and municipal taxation in North Carolina; and the coupons "shall be receivable in payment of any and all State taxes, and the same shall be expressed on the face of each coupon." These tax-free 4 per cent. bonds, with tax-receivable coupons, will be issued in place of existing defaulted bonds in the following proportion of their principal or face value: Forty per cent. for bonds issued before May 20, 1861; twenty-five per cent. for a number of bonds and certificates issued since the war by authority of acts passed before the war and of certain acts of 1860 and 1861, and fifteen per cent. for bonds issued under the funding acts of March 10, 1866, and Aug. 20, 1868. Certain taxes are specially declared to be held and applied to the payment of interest on this new "consolidated debt of the State;" but, if these taxes for any one year are insufficient to pay the interest, then any funds in the treasury not otherwise appropriated are to be used for the purpose. If both these sources leave a deficiency, then the Public Treasurer is authorized to sell at par so many as shall be needed of not more than six hundred coupon six per cent. ten forty bonds of $500 each; the coupons of these reserved $300,000 of bonds to be also receivable for taxes, and the bonds themselves, styled "contingent bonds," to have the benefit of all the provisions made for interest on the consolidated bonds. If the taxes specially assigned shall in any one year leave a surplus after paying interest, the surplus is to be used in the purchase for cancellation of the consolidated bonds. The act authorizes the exchange of old bonds for new until January 1, 1882.

Hartford, Providence and Fishkill R. R.

The Hartford, Providence and Fishkill Railroad, for many years operated by the trustees for the bondholders, consists of a line extending from Providence, R. I., to Waterbury, Conn., 122.865 miles, with a freight branch 0.822 of a mile long in Providence. The Pawtucket Valley Railroad, 3 miles; the South Manchester Railroad, 2.25 miles; and the Rockville Railroad, 4.5 miles, have been worked under lease—making 123.187 miles owned, and 132.937 miles worked. From the report to the Connecticut Railroad Commission for the year ending September 30, 1878, we learn that the equipment consists of 33 engines, 37 passenger, 17 baggage and mail cars, 344 freight and 72 service cars.

The trustees state assets and liabilities as follows:

Bonds ($16,711 per mile)	$2,055,500 00
Floating liabilities and loans	349,251 44
Profit and loss	20,573 13
Total	$2,425,324 57
Road, etc. ($18,508 per mile)	$2,276,493 98
Materials, fuel, etc.	137,342 82
Accounts	11,487 77
Total, as above	$2,425,324 57

The stock paid in was $2,037,939 98, which is not included in the above account.

The work done for the year was as follows:

	1878.	1877.
Train mileage	577,955	612,153
Passengers carried	1,192,682	1,247,732
Passenger mileage	14,191,856	15,476,226
Tons of freight carried	283,114	296,681
Tonnage mileage	7,299,987	7,853,814
Average rate:		
Per passenger per mile	2.75 cts.	2.67 cts.
Per ton per mile	5 cts.	5 cts.

The earnings for the year were as follows:

	1878.	1877.
Passengers	$391,335 57	$414,061 56
Freight	383,412 39	418,328 29
Express, mail, etc.	63,390 30	65,255 11
Total	$838,138 26	$897,644 96
Expenses	652,399 98	681,706 11
Net earnings	$185,738 28	$215,938 85
Gross earnings per mile	6,301 79	6,749 21
Net earnings per mile	1,396 53	1,623 60
Per cent of expenses	77.84	75.94

The income account is as follows:

Gross earnings	$838,138 26
Accounts payable	28,506 20
Total	$866,644 46
Expenses	$652,399 98
Interest, taxes, etc.	189,564 57
New work, including Hartford tunnel	24,679 91
Total, as above	$866,644 46

Since the close of the fiscal year the New York and New England Railroad Company has paid off the bonded debt and assumed possession of the road under the old contract. It will be hereafter a part of that road. The intention is to extend it from Waterbury to the Hudson river at Fishkill, N. Y., on the line partly graded several years ago.

Ohio and Mississippi Railway.

Mr. John King, Jr., Receiver of the Ohio and Mississippi Railway Company, has filed in the Circuit Courts of the United States, for the several districts of Indiana, Southern Illinois, Southern Ohio, Eastern Missouri, and Chancery Court of Kentucky, his Third Annual Report, covering the period from January 1st, 1878, to December 31st, 1878.

Statement No. 1 shows the condition of the floating debt, including amounts audited during the year.

The amount of recognized obligations unpaid December 31, 1877, was	$694,993 28
To this add claims incurred anterior to November 18th, 1876, and since audited	6,165 82
	$701,159 10
Less amounts collected in final settlement for scrap, etc.	15,801 78
Total	$685,357 32
Of which has been paid	131,478 89
Leaving unpaid December 31, 1878.	$553,878 43
The floating debt as recognized due 18th of November, 1876, was	$1,401,736 17
To which should be added amounts since audited, less amounts collected for scrap, etc., as above	10,175 33
Total	$1,411,911 50

Of which $553,878 43 remains unpaid, showing a reduction of $858,033 07 during the receivership.

Statement No. 2 shows the amount due and unpaid at the date of this report for coupons, and for sinking funds on the bonds, secured by the Main Line.

Four coupons on Second Mortgage bonds	$536,480 00
Four coupons on debentures	19,600 00
	$556,080 00
Coupons on Springfield Division bonds	$216,125 00
Two appropriations to Sinking Fund of First Mortgage bonds	72,000 00
Four appropriations to Sinking Fund of Second Mortgage bonds.	62,000 00
	$906,205 00

On July 1st, the First Mortgage coupons, due January 1st, 1878, were paid.

On November 30th, the First Mortgage coupons, due July 1st, 1878, were paid.

The coupons on First Mortgage bonds, due January 1st, 1879, will be paid on March 1st, 1879.

No payment has been made on account of coupons due on the bonds of the Springfield Division.

The interest on the Western Division bonds, Income Western Division bonds and Funded Debt bonds, amounting to $18,970, for the year, was paid at maturity.

Arrangements have been made for a further extension until January 1st, 1881, of the principal of the Second Mortgage Western Division bonds, amounting to $97,000.

The gross amount of receipts from all sources, was	$4,286,463 23
Add cash on hand December 31st, 1877	97,655 97
Total receipts	$4,384,119 20
Out of which was paid, on claims incurred previous to November 18, 1876	$131,478 89
On claims incurred since	4,212,033 63
Total payments	4,343,512 52
Leaving cash on hand December 31st, 1878	$40,606 68

The claim of the State of Illinois for taxes on the capital stock and the property of the company for the years 1873, 1874 and 1875, and amounting to about $235,382 03, remains in litigation.

The taxes due during the year on the Main Line in Ohio, Indiana and Illinois, amounting to $66,365 96, and on the Springfield Division in Illinois, amounting to $24,276 84, were promptly paid, and have been included in the charges for operating expenses.

Statement No. 3 exhibits the gross earnings and operating expenses upon the Main Line for the year 1878, with a net result in favor of earnings of $891,467 98, being an increase, as compared with 1877, of $157,999 36.

Statement No. 4, the gross earnings and operating expenses on the Springfield Division for the same period, showing a deficit of $26 920 36, being an increase in net earnings, as compared with 1877, of $16,249 26, and making net earnings of both $864,547 62, or an increase of $174,248 62.

The earnings of the main line were $2,799,567 16, and the operating expenses $1,908,433 76. The earnings of the Springfield Division were $337,268 56, and the operating expenses $364,188 92.

The ratio of expenses, including taxes, to earnings is as follows:

	Per cent.
On Main Line and Louisville Branch	68 15
And exclusive of taxes	65 78
On the Springfield Division	107.98
Exclusive of taxes	100.78
On the Main Line and Divisions united	72.43
Exclusive of taxes	69.54

During the year 3,588 1400-2240 tons of steel rails, 2,060 873-2240 tons of iron rails, and 184,-

021 track and 1,954 switch ties, were laid on Main Line, and 560 401-2240 tons of iron rails and 38,-557 track and 528 switch ties were laid on the Springfield Division.

In the opinion of the Receiver, only steel rails should be laid upon a road doing such heavy traffic, as there can be no question as to the great superiority of steel as compared with iron.

The increased net results are largely due to the greatly improved condition of the property.

Western Union Telegraph Company.

In the report presented by the executive committee at the last quarterly meeting of the board, held December 11, 1878, the net profits for the quarter ending December 31 (November being partially and December wholly estimated) were stated at $1,014,795 53.

The official returns for the quarter (ending December 31) showed the profits to be $1,067,082, or $52,286 47 more than the estimate.

The following revised statement, based upon complete returns, will show the condition of the company at the close of the quarter ended D cember 31, 1878:

Surplus October 1, 1878, as per last quarterly report		$858,881 87
Net profits, quarter ended December 31, 1878		1,067,082 00
		$1,925,963 87
From which deducting—		
Dividend of 1½ per cent, paid January 15, 1879	$525,936 00	
Interest on bonded debt	107,241 97	
Payment of debt incurred August, 1877, by purchase of A. & P. Telegraph Co. stock	906,250 00	
Sinking funds appropriations	20,000 00	
Construction account	49,177 32	
Purchase of sundry telegraph stocks, patents, etc	18,582 17	
		1,627,187 46
There remained a surplus, January 1, 1879, of		$298,776 41
The net profits for the quarter ending March 31 instant, based upon official returns for January, nearly complete returns for February, and estimating the business for March (reserving amount sufficient to meet the claims of the Atlantic and Pacific Telegraph Company, under existing agreements), will be about		$920,983 49
Add surplus January 1, as above		298,776 41
		$1,219,759 90
From which appropriating—		
Interest on bonded debt	$107,250 00	
Construction, purchase of stock of leased lines, etc	40,000 00	
Sinking fund appropriations	20,056 81	
		167,306 81
Leaves a balance of		$1,052,453 09
A dividend of 1½ per cent on the capital stock outstanding requires		525,936 00
Deducting which, leaves		$526,517 09

In view of the preceding statements, the committee recommend the adoption, by the board, of the following:

Resolved, That a dividend of one and one half per cent from the net earnings of the three months ending March 31st be, and is hereby declared payable on the 15th day of April next, to stockholders of record, at the close of business on the 20th day of March, instant.

Resolved, That for the purpose of such dividend, the stock books of the company be closed at three o'clock on the afternoon of the 20th March, instant, and be reopened on the morning of the 16th of April next.

Respectfully submitted,

NORVIN GREEN, President.

NEW YORK, March 12, 1879.

The Largest Locomotive in the World.

The locomotive "Uncle Dick," recently completed at the Baldwin Locomotive Works, Philadelphia, for the Atchison, Topeka and Santa Fe Railroad Company, and which is to be employed in hauling freights over the sharp inclines of the Raton Mountains, is nearly sixty feet long, including the tender, has eight driving wheels, each 42 inches in diameter, and has cylinders 20 by 26 inches. The boiler is 21 feet long, with 213 flues, and over it is a large tank designed for the double purpose of carrying a supply of water and increasing the weight of the machine, which when ready for work weighs about 65 tons. The especial feature of the locomotive is its system of brakes, arranged by Mr. Clay of the works where the machine was built. The following description of the brakes is from a letter to the Chicago Tribune:

"But the *chef d'œuvre* of this department of the mechanic art is on the locomotive 'Uncle Dick,' which has in fact three complete, independent and perfect systems of air brakes, viz: First, the old and common air brake, then the improved Westinghouse automatic brake, which controls all the wheels of the engine, even if separated from the tender itself; the third is a special and independent air brake, supplied by a separate auxiliary tank also charged with compressed air at full pressure, connected by a distinct tube, and operated by a separate stop-cock, by which all the wheel brakes of the locomotive may be instantly applied by the engineer on his foot board in case of an accident to the others from any cause. The necessity for so much precaution may be better understood when it is stated that the amount of shoe pressure required to keep 'Uncle Dick,' when fully equipped for work, from starting down hill, even when standing still on these switch back grades, is equal to 50,000 pounds, or sufficient to balance a weight of 10,000 pounds hanging vertically, but Mr. Clay assured me that the pressure of these brakes can be safely increased to 150 000 pounds, and that the machinery of 'Uncle Dick' is amply strong to endure this enormous pressure. He takes an especial pride in the splendid brake equipment of this engine, the added feature of which is his own invention and now first introduced, and he expresses his acknowledgement of the great liberality of the management, which has afforded him unlimited facilities both as to men and material. It is an interesting computation to note that the length of 'Uncle Dick' being so great, the rise of elevation from front to rear, when standing on the grades of the switch back, is over three feet. Therefore to move this engine its own length will require 255 foot tons, or, to express it more clearly, it will require sufficient power to raise 255 tons one foot from the ground. Yet the colossal power of this engine is so great that it is able to haul from seven to ten loaded cars to the top of the switch back. My visit to 'Uncle Dick' closed with an experiment on the level track, in which after a considerable degree of speed had been attained the brakes were applied without shutting off steam, and the engine was still after moving less than its length after the brakes were applied."

☞ James M. Ashley and others have filed with the Secretary of State of Ohio a certificate of incorporation of the Toledo, Michigan and Indiana Railway Company, termini Toledo and West State line in Williams county. Capital stock $500,000.

New York Elevated Railroad.

The directors of the New York Elevated Railroad Company issued on the 13th inst. a circular to the stockholders announcing an intended increase of the capital stock and bonds of the company to the extent of $3,000,000, divided equally between the two classes of securities, (or $1,500,-000 each,) making the total amount of stock and bonds of the company $15,000,000. The new stock and bonds are to be issued at par to the present stockholders only, to be paid for in regular instalments extending to the 31st of July next. The proceeds are to be used to pay for new construction, including the Chatham street extension. The daily average receipts of the road are stated to be nearly $7,000, or over $2,000,000 per annum. The running expenses of the line are represented as 41 per cent. The road is carrying about 90,000 passengers per day, and the president expects soon to carry 150,000. The company have sufficient money on hand to pay a ten per cent dividend, which will probably be declared in April or May next.

By referring to their card on another page, it will be seen that Messrs. MOLLER & Co., No. 24 Nassau street, are prepared to purchase, at a premium, any allotment of privileges for the stock and bonds to which the stockholders are entitled in accordance with the above notice.

Quincy Mining Co.

The report of this company for the year 1878 shows that the amount realized during the year on copper mined, estimating copper in hand in New York at 15 cents and at the mine at 13 cents per pound, was $447,510 50. The expenditures were $401,849 17, leaving a balance of $45,661 33, to which sum must be added amounts received for interest, etc., $9,679 05, making the net result of the year's business $55,340 38. A dividend of $1 per share, or $40,000, payable February 10, has been declared. The charter under which the company operated expired by limitation March 30, 1878, and a new company with the same corporate name has been organized under the general mining law of Michigan, with a capital fully paid of $1,000,000, divided into 40,-000 shares of $25 each. The condition of the mine, according to the agent's report, promises well for the future.

☞ The Philadelphia and Reading Railroad Company are building a branch of the Lebanon Valley line from Harrisburg to Baldwin. The length of the road will be about two miles. It is expected the branch will be completed and ready for business by the 1st of April.

☞ Engineers are at work surveying a new railroad to connect the Westchester and Philadelphia with the Wilmington and Northern railroad. At present the road will be run to Brinton's serpentine quarries, and subsequently to the Brandywine.

☞ The treasurer of Williamsport, Pa., has been ordered by Judge Elwell, of Columbia county, to apply $8,000 towards the payment of overdue interest on the bonds known as series A, instead of the entire amount now in the treasurer's hands, which amounts to $15,000.

RAILROAD EARNINGS—MONTHLY.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

The asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics.*" State-aid Railroads are distinguished by a "†."

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

Figures (or "do") occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "¶."

Finances of the District of Columbia.

The District of Columbia has now a fair experience of the new financial system, in which Congress pays fifty per centum of the approved estimates of the expenses of the District. The total approved estimates of these expenses for the fiscal year which begins the 1st of July next is $3,264,197 56. Congress has appropriated $1,632,098 78 as its share, and a like sum will be raised by taxation upon the District. There are several classifications of the objects for which this money is to be expended. The following summary will give a very fair idea of what the appropriation and the taxes will be used for: For sinking fund and interest on debt, $1,155,583; for pavements and sewers, $480,000; for public schools, $475,000; for keeping streets, lamps, trees, pumps and roads, $526,375; Metropolitan police, $305,200; District offices and salaries, $162,000; fire department, $105,700; almshouses and reformatories, $88,460; charitable institutions, $48,500; health department, $24,000; Washington aqueduct, $20,000; Police Court, $18,500; bridges, $10,200; codifying laws, $5,000; miscellaneous and contingent, $50,000. As Congress will pay one-half of this from the treasury, so the District will raise the other half by taxes, &c., substantially as follows: It will receive from tax on real estate, $1,069,000; tax on personal estate, $216,000; overdue taxes, $250,001; licenses, $100,000; fines, $25,000; markets, $23,000; dog tax, $11,000. Rents, permits, etc., $10,000. All the courts of the District, except the Police Court, are United States Courts, and cost the District nothing.

Pork Packing.

Howard, White, Crewell & Co., of the Chicago Daily Commercial Bulletin, have issued their tenth annual report of pork packing operations in Chicago during the year ending March 1, 1879, of which the following is a summary:

Summer packing—1,968,708 hogs; average net weight, 191.15 pounds; yield of lard, 37.20 pounds; against 1,508,026 hogs for the previous season; weight, 196.09 pounds; yield of lard, 32⅛ pounds.

Winter packing—2,943,115 hogs; weight, 225.27 pounds; yield of lard, 44.44 pounds; against 2,501,285 hogs last year; average weight, 228.37 and yield of lard, 39.60.

Grand total, Summer and Winter, year ending March 1, 1879, 4,911,913 hogs.

Product made during the Winter months: 395,659 tierces of lard, 972 barrels clear pork, 219,802 barrels mess pork, 1,863 barrels M. O. pork, 8,579 barrels prime mess pork, 8,807 barrels family and back pork, 2,209 barrels extra prime—total all kinds, 242,232 barrels; sweet-pickled hams, 108,327 tierces; green hams, 19,858,661 pounds; dry salted hams, 3,263,268 pounds; long-cut hams, 11,691,539 pounds; South Staffordshire hams, 2,429,886 pounds; other cuts of hams, 24,292,584 pounds; sweet-pickled shoulders, 9,538 tierces; green and dry salted shoulders, 50,436,432 pounds; rough sides, 894,634 pounds; Cumberland sides, 56,330,091 pounds; short rib sides, 63,625,626 pounds; long rib sides, 988,601 pounds; short clear sides, 47,031,744 pounds; long clear sides, 52,125,879 pounds; South Staffordshire sides, 9,966,843 pounds; Stretford sides, 1,898,225 pounds; Irish cut sides, 813,492 pounds; Yorkshire sides, 727,470 pounds; Birmingham sides, 460,000 pounds; Wiltshire sides, 911,692 pounds; other cuts of sides, 37,503,464 pounds; singed bacon, 1,155,125 pounds; bellies, 5,106,677 pounds; backs, 7,120,598 pounds; hocks, 1,915 pounds; pig tongues, 7,091 barrels; grease, 9,683 packages.

Foreign Trade of Canada.

The trade and navigation returns of the Dominion of Canada show that the great bulk of the imports of that country is derived from Great Britain and the United States. Out of an aggregate of $656,770,698 of imported goods the past six years, $608,522,799 were received from these two sources alone. The following figures exhibit the details:

Years.	Portion from Gt. Britain.	Portion from United States.	Aggregate from all countries.
1873 ..	$68,522,776	$47,735,678	$127,514,594
1874 ..	63,076,437	54,283,072	127,404,169
1875 ..	60,347,067	50,805,820	119,618,657
1876 ..	40,734,260	46,070,033	94,733,218
1877 ..	39,572,239	51,312,669	96,300,483
1878 ..	37,431,180	48,631,739	91,199,577
Totals.	$309,683,959	$298,839,011	$656,770,698

The following figures exhibit the export trade of the Dominion for the past six years:

Years.	Exports to Gt. Britain.	Exports to United States.	Exports to all countries.
1873 ..	$38,743,848	$42,072,526	$89,789,992
1874 ..	45,003,882	36,244,311	89,351,928
1875 ..	40,032,962	29,911,983	77,886,979
1876 ..	40,723,477	31 933,459	80 966,485
1877 ..	41,567,469	25,775,245	75,875,893
1878 ..	45,941,539	25,244,898	79,328,667
Totals.	$252,013,117	$191,182,422	$493,194,324

☞ The Boston Journal says that the Atchison, Topeka and Santa Fe Railroad Company have contracted for 8,000 tons of rails, with other material, for the purpose of building a branch, starting at Emporia and running through Greenwood, Elk and Chatauqua counties to the south line of the State of Kansas, for which bonds have been voted in Lyon and Greenwood counties, also a branch from Wichita, down the Arkansas river to the south line of the State, at or near Arkansas City, with a branch from Winfield to Wellington in Sumner county, for which bonds have been voted in Cowley and Sumner counties. This makes about 165 miles of new construction.

☞ The Charlestown (W. Va.) Free Press says that a mortgage to secure the first mortgage bonds to the extent of $15,000 per mile, authorized under the contract for construction of the Shenandoah Valley Railroad has been recorded in Jefferson and Clarke counties, and will be recorded in all the counties in which the road is located. The trustee in the mortgage is the Farmers' Loan and Trust Company of New York. These bonds in the construction contract constitute, in connection with the subscriptions of the counties, the chief resources for the means to build the road.

☞ The United States Minister to Mexico has sent to the Department of State at Washington a circular announcing an international exhibition of Agricultural and Industrial products in the City of Mexico, beginning January 15, 1880, and to continue three months. No duties will be charged on objects for exhibition.

☞ It is expected that all the necessary repairs to the Chesapeake and Ohio Canal will be completed by the 25th inst., when the water will be turned onand navi gation resumed.

American Railroad Journal.

Saturday, March 22, 1879.

Financial and Commercial Affairs.

From the prominent European markets, the advices by cable have been of growing ease in Money, a moderate degree of activity in Funds and Stocks, and some improvement in general trade, which latter, however, yet continues more or less seriously depressed. The Bank of England rate of discount was recently reduced to 2½, and the Bank reported having, during the week, gained £524,000 bullion with the proportion of reserve to liabilities now a trifle over 50 per cent. The Bank of France reported an increase in Specie reserve of 10,750,000 francs. French exchange has been represented as remarkably firm, due apparently to current payments for American wheat through London by means of United States bonds sent there or purchased for remittance. A very large amount in this way has recently been sent to New York.

A further hardening of loan and discount rates has been reported in the local market, strengthened by the increasing requirements of legitimate trade, which has shown decidedly more life, favored by the very encouraging commercial and industrial reports from most sections of the country. The preparations for the April settlements, which, this year, are likely to be of unusual magnitude, partly on Government account, have also tended to stiffen the views of lenders, who have found much less difficulty in placing balances advantageously. The City Bank exhibit of last week indicated a reduction in the loan and discount average of $1,849,700, and an increase in the item of circulation of $99,200. The average

of deposits was diminished $2,729,800. The legal tender reserve was cut down $1,420,400 (or to $39,178,400); and the specie average was enlarged $367,200. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $8,844,975, against $4,215,725 the preceding week, or a further loss of $370,750. The City bank exchanges in currency reached $400,417,430, or a daily average of $66,732,905. Call loans have been quoted up to 3@7, generally toward the close at 5@6 per cent, and best discounts at 4½@7 per cent per annum.

The outstanding amount of legal tender notes is $346,742,941. The National bank circulation is now $325,062,891 of currency notes and $1,466,-920 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $2,-647,000. The amount of United States bonds deposited with the U. S. Treasurer at Washington for circulation during the week was $2,176,500. And of United States bonds held for circulation withdrawn during the week $1,386,500. The Treasury Department now holds $351,362,400 in United States bonds to secure the outstanding national bank circulation.

Government bonds have been rather less freely dealt in, the high rates obtainable for Money, in the loan and discount line, tended to check the demand on investment account, but prices, especially of the favorite issues, have been generally pretty well supported. The main call has been for the six and five per cents of 1881, the 4½ per cents and the Currency Sixes. Subscriptions to the refunding 4 per cent Loan have been of moderate proportions. The market closed, as a rule, about steady. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 106@106¼; do. coupon, 106@106¼; do. 5-20s, 1867, registered, 102⅛@102⅜; do. coupon, 102⅛@102⅜; do. 1868, registered, 102⅜@102⅝; do. coupon 102⅜@102⅝; ten-forties, registered 101¼@101½; do. coupon, 101¼@101½; 5 per cents, 1881, registered, 104¼@104⅜; do. coupon, 104¼@104⅜; 4½ per cents, 1891, registered, 104⅜@104½; do. coupon, 104⅛@104¾; 4 per cents, 1907, reg., 99⅝@99⅞; do. coupon, 99⅝@99¾; sixes, currency, 121½@122.

Less activity has been reported in State Bonds which have been quite moderately sought after on investment account and have been more or less unsettled as to price, closing for the favorite loans rather more firmly. Railway Mortgages of the prominent interest bearing issues have been fairly active chiefly on investment account, and though variable, as influenced, in good part, by the increasing call for Money, have been generally very well maintained in values, the market closing with considerable strength. And in the line of Railway and Miscellaneous share property the business has fallen off in volume, materially, speculation having been seriously impeded by the activity and higher range of Money. Prices have fluctuated frequently, though, as a rule, not violently. The latest transactions were indicative of a comparatively tame, and irregular market. The dealings reached on Thursday an aggregate of about 162,000, and fell on Saturday to 97,000, and on Tuesday of the current week, were again up to 165,000 shares.

In the line of Gold the movements of the week have been of little magnitude and significance. The specie outflow last week was only $876,-559—making the total exports of specie hence since January 1, 1879, $3,996,987, against $2,-145,799, the same time in the preceding year. The imports of specie at this port last week were to the amount of $63,978, and since January 1, 1879, have been $2,509,079 against $2,444,955 same time in the preceding year. The Customs drain for gold in the local market reached $2,127,-739 or an average of about $354,623 per day.

Foreign Exchange has been offered rather more freely and, toward the close, ruled weaker, on a restricted call, even for prime bills. Bankers' sixty day bills on London closed at $4 86¼@$4 87; sight bill on London at $4 88¾@$4 89½ to the £ sterling. Cable transfers, 4 89½@4 90. The week's imports of Dry Goods and general merchandise were to the specie value of $7,075,-817 as against $6,776,024 the corresponding week of 1878. The week's import entries of Foreign Merchandise at New York included $2,739,551 of Dry Goods, and $4,836,266 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $5,900,575 against $8,154,-874 same week in 1878, making the total exports of produce since Jan. 1 this year $65,968,392, against $75,187,785 same period in 1878, and $56,-700,002 in 1877.

Freer movements have been reported in the leading kinds of Produce and Merchandise at, however, irregular prices. A better demand has been noted for Dry Goods especially for Domestic Cottons and Woolens which have been generally quoted somewhat stronger in price. Domestic Produce has been more active, in good part on speculative account with Breadstuffs closing, as a rule, lower and weak and Provisions stronger, but somewhat unsettled. Dealings in Winter Wheat have been mainly on speculation, which toward the close showed a much less confident temper. Cotton has been offered with reserve, both for prompt forward delivery and has been quoted stronger, on a more active movement, especially in the option line. Low Middlings closed for prompt delivery at 9 11-16@9 13 16; Middlings at 10@10⅛. Options left off for March basis of Middling at 10 12; April at 10.16; May at 10.34; June at 10.51; July at 10.64; August at 10.76; September at 10.55; October at 10.33; December at 10.10.

Naval Stores have been quoted steady, but have been slow of sale. Petroleum has been further depressed here and at the primary markets, on freer offerings, leading to increased activity, especially at Oil City, where the speculative dealings have been of unusual magnitude.

A fairly active market has been reported for the leading kinds of Metals which have been as a rule held more confidently. Pig Iron quoted for Glengarnock, at $20 75@$21 50; Coltness, $21 50@$22 50; Eglinton at $19 50@$21 50; No. 1 American Pig at $17@$20, as to brands; No. 2 do. at $16@$18 50, (with sales of about 5,800 tons). Forge, $15@$16, New Iron Rails $34@$38, Wrought Scrap, $23@$24. Steel Rails have been in very good demand and quoted on the basis of $42@$45 at the mills and at tide water, (15,000 tons reported sold for delivery to prominent State Railroads.) Old Iron Rails in request and quoted at $20 @$20 50. Ingot Copper in demand with Ingot quoted at 15⅞cts. Tin quoted dearer and wanted. Domestic Pig Lead very quiet and quoted at 3½cts. per lb.

Somewhat freer movements have been reported in most kinds of Foreign merchandise which have shown rather more firmness, in the leading instances. Coffee closed a trifle stronger.

In the line of Ocean freights business has been fairly active, chiefly in the Grain interest, but at drooping rates on a more liberal and urgent offering of accommodation. Liverpool steamer rates at the close for Grain quoted at 5¾@6d. per bushel. Flour, at 2s. 6d.@3s. Provisions, 25@27s. 6d; Butter and Cheese 35s.; Leather, 35s. Measurement Goods 20s.@25s. per ton; Cotton, 7-32d.@¼d. per lb. Tobacco at 30s. Liverpool, by sail: Cotton, 3-16d.@13-64d. Grain at 5¼d.@5½d. per bushel; Flour, 2s.; Measurement Goods, 12s. 6d.@15s. Tobacco 25s.@27s. 6d.; Oil Cake at 15s. Grain rates on charter hence for Cork and orders left off at 4s. 10½d.@5s. 1½d.; for the Continent Grain at 4s. 6d.@5s. 3d. as to ports of discharge. Tonnage for Refined Petroleum at 3s. 6d.@4s. to Cork, for orders, at 2s. 9d.@3s. 3d. to the Continent, and 3s. 9d.@4s. to the Baltic. Through freight movements have been moderately active at however, depressed and irregular figures.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

Walston H. Brown & Brother.

Messrs. Walston H. Brown & Brother have removed from their old quarters at No. 34 Pine Street to more spacious offices at No. 11 in the same street, as will be seen by their card in our advertising columns. The firm's new premises are elegantly fitted up with every accommodation for their numerous customers. The change was rendered necessary by the great addition their business has received during the recent financial revival.

☞ The Helena railroad, which begins at a point opposite Helena, Ark., in Coahoma county, Miss., and is to be extended eastward, is now completed and in operation for a distance of 17 miles. The company have no money, but they keep working all the time, lengthening the road and paying laborers with the receipts of the portion completed. The engineer is conductor, freight agent, collector, and general superintendent of the train while on duty. The president does the work of three or four men, and the bookkeeper is freight receiver, shipper and accountant.

☞ At a meeting of the stockholders of the Atlanta and Charlotte Air Line Railroad company, held in this city on the 12th inst. the following board of directors was elected: Eugene Kelley, Wm. H. Fogg, Alex. P. Irvin, P. P. Dickinson, Francis Smith, Abm. S. Hewitt, and Wm. B. Isham, of New York; Hiram W. Sibley and Byron R. McAlpine, of Rochester, and Skipwith Wilmer and Francis P. Clark, of Baltimore. The board re-elected Hiram W. Sibley president. The report showed that the net earnings for the last year were about $40,000.

☞ The directors of the Lehigh and Wilkesbarre Coal Company, recently elected are: Charles Parrish, President; F. S. Lathrop, John Kean, Jacob Vanatta, F. A. Potts, G. G. Haven and John S. Barnes.

☞ Work on the Washington, Cincinnati and St. Louis Railroad is being pushed ahead as rapidly as the weather will permit, and by the first of April it is expected the road will be open for traffic to Falls Church, Va.

Commerce of New York.

The foreign imports at New York for the month of February, 1879, are officially stated as follows:

	1878.	1879.
Entered for consumpt'n.	$11,566,577	$12,961,683
Do. for warehousing	5,150 245	5 275,533
Free goods	6 153,024	7,348,090
Specie and bullion....	2,856,868	1,383,681
Total entered at port...	$25.726,714	$26,968,987
Withdrawn fr. wareh'use	5,883,551	4,491,656

The foreign imports at New York for two months from January 1, were:

	1878.	1879.
Entered for consumpt'n	$22,619,078	$24,287,496
Do. for warehousing ..	10,026,329	10,143,704
Free goods	14,028,079	15,836,145
Specie and bullion	3,679,917	2,359,188
Total entered at port..	$50,353,403	$52,626,533
Withdrawn fr. wareh'se	10,863,137	9,703,463

The foreign imports at New York for eight months of the fiscal year, were:

	1878.	1879.
Six months ending January 1.	$152 045,807	$148,734,274
January	24,626,689	25,657,546
February	25,726,714	26,968,987
Total eight months..	$202,399 210	$201,410,807

The duties received at New York for eight months ending with February, were:

	1878.	1879.
July	$7,132,747 46	$8,103,513 74
August	10 018,122 33	10,149,191 69
September	9,068 929 44	9.080,936 88
October	8,392,221 85	8,349,904 94
November	6,585,108 84	6,712,339 94
December....	5,815,558 74	6,175,359 43
January	7,154,924 85	7,655,552 67
February	7,014,953 48	8 229,862 06
Total....	$62,082,567 99	$64,457,161 35

The exports from New York to foreign ports in the month of February, were:

	1878.	1879.
Domestic produce.....	$28,203 210	$26,421,198
Foreign free goods.....	322,150	299,433
Do. dutiable....	308,930	411,712
Specie and bullion.....	650,454	1,909,750
Total exports.....	$29.484,744	$29,042,093
Do. exclusive of specie.	28,834,290	27,132,349

The exports from New York to foreign ports for eight months ending February 28, were:

	1878.	1879.
Domestic produce.....	$55,026,745	$48,503,322
Foreign free goods....	638,041	565,919
Do. dutiable.	862,315	622,658
Specie and bullion....	2,140,635	3,043,617
Total exports	$58,667,736	$52,736,516
Do. exclusive of specie.	56,527,101	49,691,899

The exports (exclusive of specie) from New York to foreign ports for eight months ending with February, were:

	1878.	1879.
Six months ending January 1.	$164 948,533	$177,556,058
January	27,692 811	22,559,556
February....	26,834,290	27,132,343
Total produce....	$221,475,634	$227,247,957
Add specie...	8,086,306	6,854,212
Total exports	$229,561,940	$234,102,169

☞ The first annual report of the Ligonier Valley Narrow Gauge Railroad, 10 miles long, in Westmoreland county, (Penn.) shows total receipts, $9,195 40; total expenses, $2,885 91; net earnings for the year, $6,309 49.

Mining.

Silver King of Arizona.—Mr. Boothe, the Vice President of the company, is now in Arizona superintending the erection of additional machinery for working this handsome property more vigorously than it has been. An immense body of rich ore is now in sight, and with greater milling facilities it is a matter of certainty that the present large monthly dividend can be readily doubled. We learn that the adjoining Essex mine on the same rich lode is about to be vigorously developed.

Leadville Mining Company.—As will be seen under our dividend notices, this company takes its place amongst our New York State mining incorporations as a dividend paying mine of the highest character. Its first dividend of one per cent on its capital stock of two million dollars will be paid on and after April 1st. As the $200,000 distributed amongst the shareholders is paid out of the net earnings of the company and the assurance of its continuance is secured, no better evidence of good management and solid worth can be desired.

Empire Gold Mining Co.—It will also be seen that the Empire Gold Mining Company has declared its seventh dividend of eight cents per share (par value $10) for the month of February, payable at the office of the company, 8 Wall St. New York, on the 31st inst.

Southern of Nevada.—The New York agent of this company furnishes us with information which tends to show that this mine will soon enter the dividend paying phase of its existence. Shaft No. 1 is now down on a four feet ledge, the ore yielding $392 95 as worked at the adjoining Boston mill. Shaft No. 4 is down 70 feet on the same ledge in a solid ore body, the foot wall of which is not yet reached.

Silver Nugget of Arizona.—This company is now organized and its prospectus will shortly appear. Its Trustees are all men of high commercial standing who have invested largely after being thoroughly assured of the very valuable character of the property. There is just reason for believing that when the milling machinery now being built is in operation, the outturn of the mine will surprise even those acquainted with the wonderful produce of the Silver King, and other well known properties near it.

Krupp's Steel Cannon.

Herr Krupp, the famous German gun maker, has just eclipsed all his former efforts by constructing a new steel cannon, which is the largest piece of steel ordnance yet made. It weighs 72 tons, is 32 feet long and has a calibre of 21¾ inches, while that of the English 80 ton guns has only 18 inches. The charge for this monster gun is to be 385 lbs. of prismatic powder, the projectile being a chilled iron shell weighing 1660 pounds and having a bursting charge of 22 pounds of powder. The force of the shot on leaving the gun is estimated at 31,000 foot tons, and it is calculated that when pointed at an angle of 43 degrees with the horizon the gun will throw its projectile a distance of 15 miles. The forthcoming trials will take place on a range 11 miles long, and the targets will have to be placed at such a distance that the gun will have to be directed by other means than the visibility of the object to be hit.

The Sutro Tunnel Company.

A special dispatch from San Francisco, received at Kiernan's Wall Street Financial News Agency on the 18th, says:

"The agreement of the Sutro Tunnel Company and the Comstock Lode is positively accomplished. Contracts with all the different mining companies are now being drawn up, and will be signed, sealed, and delivered within a few days. The Sutro Tunnel Company has consented to a reduction of $1 on all ores assaying $40 per ton and under. On all ores of $40 per ton and over, the $2 per ton royalty asked at first remains. Lloyd Tevis, President of Wells, Fargo & Co., has been the arbitrator between the Sutro Tunnel and the Comstock Mining Companies, and through his exertions the compromise was effected."

At the New York office of Wells, Fargo & Co., this was corroborated, but the officers said they had no further particulars than were contained in the dispatch.

Directions for Using Mineral Wool.

Do not crush or pound but put it in with a light pressure of the hand; all good non-conductors are porous, i. e. improved air spaces, and by rendering them too compact, the air is driven out and the effect lessened.

Settling is best prevented by giving a few hard knocks with a hammer to each section as it is being filled.

For Ice-Houses fill in the usual double wall 4 in. thick with No. 1, for Refrigerators, &c.: 3 in. No. 2, for Cold Water Tanks and Pipes; 2 or 3 in. of No. 1 or No. 2, for Steam Pipes and Boilers, 60 lbs. pressure; 2½ in. No. 1, or 2 in. No. 2, at 90 lbs. pressure and above; 3 in. No. 1, for Roofs on dwellings; 1½ in. No. 1 or No. 2, for Deadening Sound: 1—3 inches.

POUNDS OF WOOL PER RUNNING FOOT OF PIPE.

Deduct the transverse area or cross section of pipe in square inches from that of pipe and covering and divide the remainder for No. 1 by 5, for No. 2 by 9, for No. 3 by 18.

The No. 3 Wool has the advantage of lightness, but being very compact its value as a non conductor is not in proportion to the higher cost.

☞ The directors of the Pittsburg, Cincinnati and St. Louis Railway Company, elected on the 18th inst., are: Thomas A. Scott, George B. Roberts, Wistar Morris, Strickland Kneass, Henry H. Houston, Joseph N. Dubarry and J. Price Wetherell, of Philadelphia; Thomas D. Messler, J. N. McCullough, William Thaw, and William H. Barnes, of Pittsburg; David S. Gray, of Columbus, and Robert Sherrard, Jr., of Steubenville.

☞ The Southwestern (Ca.) Railway Company was to have taken possession of the Montreal, Portland and Boston Railway on the 20th inst. This road extends from West Farnham to St. Lambert, Quebec, and is owned by the Passumpsic Company. This forms the link of the Montreal and Boston Air Line and the northern division of the Southeastern Railway from Sutton to Sorel, now opened for travel.

☞ Track laying on the unfinished portion of the Cincinnati Southern railroad is now progressing on the southern end at the rate of three-fourths of a mile per day.

Union Pacific Railroad.

From the report of this company, which was presented at the annual meeting of the stockholders held in Boston on the 5th inst., we learn that the sales of land amounted during the year 1878, to 318,903.47 acres, (an increase of 219,887.60 acres,) at an average price of $4 88¾ per acre, (a decrease of 9¾ cents,) realizing $1,557,082 32, (an increase of $1,218,314 30.) The sales during 1877 were very small, on account of the grasshopper plague. The total sales of land to December 31, 1878, were 1,539,296 98 acres, at an average price of $4 41.8 per acre.

The Omaha and Republican Valley Railroad has been extended a distance of 137 miles during the year, and will be extended 10 miles further. The Utah and Northern Railroad was extended during the year 100 miles, making its total length 189 miles, from Ogden to the northern terminus.

The questions between the Government and the company are fast being determined. The result of what is known as the "Five per cent case" will be as follows: due the Government to December 31, 1878, $2,373,436 69; due from the Government, the amount withheld pending the determination of the question at issue, $3,145,419 75; balance due the company, $771,983 06. After several years of uncertainty and legal contest with the Government as to the construction of portions of the charter and as to the duties of the Government and the company under the contract of the Government with the company, the United States Supreme Court has made several decisions, setting forth fully the relations of both, and settling finally these questions. The decisions in most cases have been in favor of the company, and it is to be congratulated that it may now stand upon these decisions and know for all time what its obligations are and the amount of the fixed charges against it. The claim of the Government and its construction of the charter has been the only cloud upon the securities of the company. These decisions determine all claims and clear away every doubt.

The number of miles of road in operation at the close of the year was 1,042 4, of which 283 miles were laid with steel rails. Fifteen thousand tons of steel rails have been contracted for, to be used during the present year and steel rails will be substituted for iron as fast as the tracks need renewal. No trains have been delayed by snow during the year. The construction expenses for the year amounted to $271,738 48. The equipment now consists of 172 locomotives, 166 passenger, baggage and sleeping cars, and 3,326 freight cars, all of which are in good order The amount of coal mined was 275,795 tons—an increase of 315 tons.

The gross earnings for the year, including those of the Omaha Bridge, were $13,121,272 58, and operating expenses, including taxes, $5,376,586 19, leaving a balance of $7,744,686 39, to which must be added the interest collected on investment securities amounting $186,985 66—making the total net income, $7,931,672 05. The operating expenses were 40.98 per cent of the earnings. The disbursements on account of interest on bonds and dividends, amounting to 5 per cent, sinking funds, &c., were $6,628,890 80, leaving a surplus for future use amounting to $1,307,781 25. A reduction of $638,000 in the funded debt leaves the amount of that debt at $50,188,000. The earnings and expenses of 1878, as compared with 1877, show an increase of earnings and a decrease of expenses, the increase in the surplus earnings having been $348,-302 07, and the decrease in the percentage of expenses 1.90. There was a decrease in the passenger earnings of $481,803 75, this being in through business. In the local travel there has been an encouraging increase of 2,258,131 miles. The increase in the freight earnings was $505,-141 83, largely derived from local business. The stock business continues to increase.

The directors for the ensuing year, are: Sidney Dillon, New York; F. Gordon Dexter, Boston; Elisha Atkins, Boston; Russell Sage, New York; Solon Humphreys, New York; Jay Gould, New York; John Sharp, Salt Lake City; S. H. H. Clark, Omaha, Neb.; David Dows, New York; James R. Keene, New York; W. L. Scott, Erie, Pa., E. H. Baker, Boston; Fred. L. Ames, Boston; Addison Cammack, New York; W. A. H. Lovel, Golden, Col. The officers are: Sidney Dillon, President; Elisha Atkins, Vice President; Henry McFarland, Secretary and Treasurer; O. W. Monk, Assistant Secretary and Treasurer.

Boston, Hartford and Erie Railroad.

The following is a copy of an act passed by the Massachusetts Legislature last month entitled An Act to provide for the Payment of the Harbor Improvement Loan:

Sec. 1. The Treasurer and Receiver General is hereby authorized to call in and pay the harbor improvement loans authorized by chapters three hundred and twenty of the acts of the year eighteen hundred and seventy-two, and one hundred and seventy-one of the acts of the year eighteen hundred and seventy-six, at such times as the same shall become redeemable at the option of the Commonwealth; and said treasurer may, with the approval of the governor and Council, sell any stocks or bonds in his possession not otherwise appropriated, and use such part of the proceeds thereof as may be necessary in the redemption of said loans.

Sec. 2. This act shall take effect upon its passage.

In accordance with the provisions of this Act the State Treasurer has been authorized by the Governor and Council to dispose of a portion of the bonds of the Boston, Hartford and Erie Railroad owned by the State. The original amount of the bonds held by the State was $3,599,024, less the sinking fund of $1,084,578 17.

New Route between Boston and New York.

The New Bedford Mercury says it is reported that surveys and estimates are being made which may result in the formation of a new land line to New York, and then adds:

By the building of three miles of road from Easton or Raynham, on the Old Colony Railroad, to Whittenton or Attleboro' Junction, on the line of the Boston, Clinton, Fitchburg and New Bedford Railroad, connection is made with the Attleboro' Branch Railroad, which extends to within five miles of the New York and New England Railroad at Valley Falls, R. I. By filling this gap a new line is completed from Boston via the Old Colony Railroad to New York New Haven, Hartford and Providence, but a few miles longer than the present routes. The New York and New England Railroad will then receive the volume of traffic from New Bedford, Taunton and the Cape Cod and northern divisions of the Old Colony road to and from Providence and New York, which is now transferred to the Boston and Providence Railroad at Mansfield and Attleboro'. The diverging line from Easton or Raynham to the Boston, Clinton, Fitchburg and New Bedford Railroad, as above mentioned, would bring that portion of the railroad tracks from Whittenton station to the Wales street depot in Taunton into the main line of the Old Colony road, from Boston to Fall River and New Bedford, and would greatly facilitate the passenger and freight business of Taunton.

The Coal Trade.

The total tonnage of anthracite coal from all the regions for the week ending March 8th, as reported by the several carrying companies, amounted to 441,435 tons, against 297,965 tons in corresponding week last year, an increase of 143,-470 tons. The total amount of anthracite mined for the year is 3,476,498 tons, against 2,134,914 for the same period last year, an increase of 1,341,-584 tons. The quantity of bituminous coal sent to market for the week amounted to 59,214 tons, against 42,961 tons in corresponding week last year, an increase of 16,253 tons. The total amount of bituminous mined for the year is 464,964 tons, against 394,671 tons for corresponding period last year, an increase of 70,293 tons. The total tonnage of all kinds of coal for the week is 500,649 tons, against 340,926 tons in corresponding week last year, an increase of 159,723 tons, and the total tonnage for the coal year is 3,941,462 tons, against 2,529,585 tons to same date last year, an increase of 1,411,877 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the fourth week of February was 110,346 tons, of which 80,347 tons were coal, and 29,999 tons coke. The total tonnage for the year thus far has been 884,-710 tons, of which 654,762 tons were coal and 229,948 tons coke. These figures embrace all the coal carried over the road east and west. The shipments of bituminous coal from the mines of the Cumberland coal region for the week ending March 8th were 22,865 tons, and for the year to that date 150,106 tons, an increase of 43,249 tons as compared with the corresponding period of 1878. The shipments to the Baltimore and Ohio Railroad for the week were 18,172 tons, for the year 133,999 tons, an increase of 21,219 tons, as compared with 1878. The shipments to the Pennsylvania Railroad were, for the week, 4,694 tons, for the year 25,117 tons, an increase of 22,039 tons as compared with last year. The Reading Railroad Company reports a coal shipment for the week ending on Saturday evening last of 141,000, tons of which 33 000 tons were sent to Port Richmond, and 35,500 tons were shipped thence. The Reading Railroad also shipped last week 2,000 tons for South Amboy, 9800 tons to Port Johnson, and 5700 tons to Elizabethport. The receipts at Perth Amboy for the week ending March 8 were 21,333 tons, and the shipments 14,616 tons, leaving a stock on hand of 116,936.—*Phila. Ledger, March* 17.

General Passenger Agents.

The General Passenger and Ticket Agents' Convention, in session in this city on the 15th inst., agreed upon a new constitution and by laws, which will come up for ratification at the next meeting, to be held in September next. The chief points in the constitution and by-laws are that the association shall hereafter be known as the National Association of General Passenger and Ticket Agents; that every railroad corporation and transportation line in North America issuing and receiving coupon tickets shall be entitled to one representative in this association; that passenger rates shall be fixed in open convention upon the report of committee of the whole; and that the right to make through rates between common points shall be accorded to the company or companies having the shortest line between said points

by the usual route over which through tickets are regularly sold, and trains run in connection: provided that when a water route forms part of such line, and is in competition with a rail line, then the rates of the rail-line shall be adopted in making the through rate; and, provided further that such through rate shall not exceed the sum of the locals of any rail line between such points.

New Erie Ferry House.

The new ferry house of the New York, Lake Erie and Western Railroad Company, which was opened to the public in February last, is situated south of the old building and occupies the space between Warren and Chambers Streets, presenting one of the handsomest fronts along the river. The middle entrance is devoted to passengers, and leads through two slips, where tickets are taken, into a spacious waiting room. On either side of the slips are the company's ticket offices. The private room for ladies occupies the south side of the waiting room. It is to be carpeted and hung with mirrors. On the opposite side is a similar room for men. The roadbeds for teams are on each side of the passenger entrance. On the north side will be the baggage rooms and a room especially devoted to ladies, called the parcel room, where ladies and others visiting the city may have their parcels checked and find them on their return. Beyond the main sitting room is another large covered space, at the rear of which is to be erected the engine for heating the entire building. The interior will be converted into a restaurant.

☞ At the annual meeting of the Columbia Street, Washington, Railroad Company held on the 11th inst., the annual receipts were reported as $36,251 13, and the expenditures $26,986 08; 725,009 passengers were carried, 36,000 more than last year. A dividend of 50 cents per share was declared. The following directors were chosen: H. A. Willard, A. M. Clapp, W. H. Clagett, G. W. Harkness, W. B. Reed, A. Gleason and L. T. Folansbee.

☞ A certificate of incorporation has been filed with the Secretary of State of Ohio by Wm. Sheffield and others of the Baltimore, Napoleon and Michigan Railroad Company, termini at Napoleon and the State line between Ohio and Michigan, passing through the counties of Henry and Fulton. Capital stock $50,000.

☞ The Governor of New Jersey has signed the supplement to the act concerning railroads, giving railroads which have six miles or more built or graded, five years in which to complete them.

☞ Traction Railways are growing in favor in San Francisco. The supervisors of that city are asked to charter two more. The three now in use give great satisfaction, alike to the owners, and the public.

☞ An engineer corps has commenced the survey for the proposed Cumberland and George's Creek railroad, to run from Lonaconing to Cumberland, Md., via Pompey Smash.

☞ In future stockholders only will be admitted to the annual meeting of the Pennsylvania Railroad Company, and by cards issued by the directors.

☞ The New York, Lake Erie and Western Railroad Company have obtained a charter for a ferry to run from Twenty-third street, New York, to Guttenberg, New Jersey. The landing will be at the foot of the Palisades. Two new and handsomely fitted boats will be put on the line. It is stated that the Guttenberg people intend to build a boulevard running from the ferry to Hudson avenue and Stucke's Corners.

☞ The Bridgeton and Port Norris Railroad, which has come into possession of the bondholders, has been reorganized under the name of the Cumberland and Maurice River Railroad. Its treasurer gives notice that the certificates of stock of the new company are ready and will be delivered to those entitled to them at No. 314½ Walnut street, Philadelphia.

☞ The Boonton (N. J.) Iron Works and Nail and Keg Factories, with a capacity of 25,000 tons of metal per year, are offered for sale. It is said it will require $65,000 to place the works in proper repair.

☞ The Pittsburg loan for the settlement of the arrears of the disputed street bonds of that city has been entirely taken by Pittsburg capitalists. The whole amount is $1,405,000, payable in five years and bearing 6 per cent interest.

☞ The Foxburg, St. Petersburg and Clarion narrow gauge road, having obtained a charter, will be extended from Shippenville to Kane, in the Bradford oil district.

☞ A bill has passed the Virginia House of Delegates incorporating the West Point and Hanover Railroad Co.

HAMILTON & BISHOP,

Bankers and Brokers,

NO. 19 NASSAU ST., N. Y.

DEALERS IN

Government and Investment SECURITIES.

Buy and sell on Commission, for cash or on margin, all securities dealt in at the New York Stock Exchange.

Interest allowed on Deposits, subject to draft at sight.

John H. Davis & Co.,

BANKERS AND BROKERS,

Explanatory Circular and their Weekly Financial Report sent free on application.

$10 to $1000 Invested in Wall st. Stocks makes fortunes every month. Book sent free explaining everything. Address BAXTER & CO., Bankers, 17 Wall St., N. Y.

Eastern Shore Railroad.

The certificate of incorporation of the "Eastern Shore Railroad Company as readjusted" has been filed in the executive chamber, Annapolis, Md. The incorporators of the road are Samuel M. Felton, W. L. Shaffer and W. C. Longstreet, of Pennsylvania; Wm. Thompson, of Delaware; Geo. R. Dennis, Thomas Sudler, Wm. H. Roach, Wm. H. Gale, H. H. Dashiell, Levin Woolford, Levin L. Waters, Wm. I. Brittingham, of Somerset county, Md., and E. S. Toadvine and E. E. Jackson, of Wicomico county, Md. The capital stock is $450,000, and the termini of the road are Crisfield and Delmar, passing through Princess Anne and Salisbury, Md.

☞ The directors of the Chicago, St. Louis and New Orleans Railroad Company, elected on the 4th inst. are: William H. Osborn, James Emott, L. V. F. Randolph and Stuyvesant Fish, of New York; J. C. Clarke and Adolph Schrieber, of New Orleans; W. K. Ackerman and B. F. Ayer, of Chicago; W. A. Gordon, of Mississippi; James Fentress and R. P. Neely, of Tennessee, and G. W. Paschall, of Kentucky.

☞ There are thirty-seven mines in the Lake Superior copper regions, producing 20,000 tons of copper in excess of the production of former years. The Calumet and Hecla Mining Company employs 2,000 men, producing last year 12,500 tons of refined copper, worth $4,000,000. This company has divided nearly $15,000,000 in dividends since it was formed.

☞ The earnings of the Kansas Pacific Railroad for the month of January, 1879, were $199,741 94, the expenses $182.186 20, and the net earnings $17,555 74. From November 21, 1876 to January 31, 1879, the earnings were $7,648,916 57, the expenses $4,540,655 98, and the net earnings $3,108,260 59.

☞ The bill authorizing the sale and transfer of the works, property and franchises of the James River and Kanawha Company to the Richmond and Allegheny Railroad Company has been approved by the Governor of Virginia, and is now a law.

☞ A plan is on foot, which it is thought will be successful, to extend the narrow gauge road from Warren to Titusville. The distance is about seventy-nine miles, and the estimated cost for building would be $8,000 a mile.

☞ The equipment bondholders of the Rutland Railroad have agreed to exchange their 8 per cent bonds for a new issue bearing interest at 6 per cent.

☞ The extension of the Emlenton and Shippenville Railroad to Kane will be commenced immediately. It is proposed at an early day to build a branch of the road to Oil City.

☞ The Philadelphia and Reading Railroad Company are building a branch of the Lebanon Valley line from Harrisburg to Baldwin. The length of the road will be about two miles.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio by Wm. D. Kelley and others of the Ironton and Jackson narrow gauge railroad, termini Ironton and Jackson, passing partly through Lawrence and Jackson counties. Capital, $400,000.

THE CHICAGO

Mining and Milling Co.

OF

GLOBE DISTRICT, PINAL COUNTY,

ARIZONA.

Incorporated under the General Laws of the State of Illinois, December 30th, 1878.

JOHN HISE.....President.
OTTO WASMANSDORFF.....Secretary.

This Company is now building the machinery for the extensive Reduction Works to be erected on its property, comprising 20 of the richest mines in the Globe District. There are now large amounts of Ore waiting for the completion of the mine, securing immediate returns to the stockholders.

A limited number of shares, par value $100, is now for sale at $25 each, full paid up and non-assessable, by

WM. EUCLID YOUNG, Agent,
Mining Stock Broker,
60 Broadway, New York.

Where all information desired about this enterprise may be had on application. Send for Prospectus.

A. G. DAY,

MANUFACTURER OF

Kerite Insulated Telegraph Wire and Cables.

FACTORY, SEYMOUR, CONN.

THE DI-ELECTRICAL PROPERTIES OF KERITE have been thoroughly tested, and its superiority over all other kinds of Insulation fully demonstrated.

ITS DURABILITY

has been demonstrated beyond question in practical use of hundreds of miles of Kerite-covered wires by the Fire Alarm and Telegraph Companies. In New York it has been largely used for the last *ten years*, under all conditions and exposures; the resistance now is as great as when first exposed.

FACTS FULLY ESTABLISHED.

Kerite is not affected by extremes of heat and cold, or by exposure to the heat or sun; endures long continued heat below 200° Fahrenheit, may be safely immersed in boiling water, is unchanged by being placed in the ground; corrosive elements in the earth do not act upon it; acids act very slowly, only to oxidise the surface; bears exposure to not strong solution of alkalies; does not suffer by injury by destructive insects of land or water, and can be stored in tropical climes without change of insulation.

PROF. MOSES G. FARMER, says: "I have used your Kerite as leading wire, more or less for four or five years. It stands abuse, changes of temperature, alternate wetting and drying better than any insulator I have tried."

EMINENT ELECTRICIANS AND PRACTICAL TELEGRAPHISTS

commend and recognize the Kerite insulation as superior to all others.

GEORGE B. PRESCOTT, Esq., Electrician of the Western Union Telegraph Company, under date of September 25, 1874. says: "In September, 1869, we placed some of your Kerite wire, unprotected by any covering whatever, in the tunnel under the river in Chicago, and have since continued its use in that exposed situation with the most gratifying results. A portion of the tunnel is very wet, and water saturated with lime constantly drips upon the wires, while in other portions they are kept alternately wet and dry, which is well known to be one of the severest tests that any insulating material of an organic nature can be subjected to; and yet after five years' exposure under the above conditions, the Kerite covering shows no signs of decay or deterioration. An insulating covering of India-rubber or gutta-percha under a like exposure, would have been destroyed in much less time."

February 1, 1877, he writes further: "This piece of Kerite wire unprotected by any covering, was in use in the tunnel under the river in Chicago, from September, 1869, until December, 1876, and shows no signs of decay or deterioration in its insulating qualities."

For Sale by all dealers in Telegraphic Materials.

For further particulars address

A. G. DAY, 120 Broadway, N. York.
